

What is WTA 2040?

Whatcom County is changing. The Whatcom Transportation Authority is developing a long range transit plan that will establish the vision, goals and roadmap for public transportation in the region for the next 20 years. The process has included conversations with the community, passengers, WTA staff and many stakeholder groups. The plan will be complete by the end of 2021 and is part of WTA's larger commitment to safe, reliable, efficient and friendly service, environmentally sound transportation choices, leadership on innovation solutions, and partnerships.
